

Snow Globe Paper Craft and Free Laminating Ornament Printable

Directions: Create the paper craft but cutting out the pieces of the craft and pasting them on the paper.

Directions for the ornament: Cut out the circles and trace them on the inside of a laminating sheet. You can fit 4 on a sheet (avoid getting it close to the edges). Paint snow at the bottom of the circle and make fingerprint snow flakes inside the circle. Let it dry completely. Grab a picture and cut out the people without background. Attach it to the sheet using double sided tape then shut the sheet and laminate. Cut out the template bottom of the snow globe and trace it on colored card stock paper. Add your child's name and the year it was created at the bottom! Punch a hole at the top of the ornament and add ribbon through it to hang on the tree.
